## RFP 14-20 Questions and Answers

1. As we began reading the solicitation for Auctioneer Services we noted that the submission date for questions is October 1st while the proposal submission due date is October 8th. This short time-frame would provide only a few business days to allow answers to be posted and very little remaining time for offerors to make necessary adjustments to a proposal response. There also must be sufficient time for the response to be printed, bound, packaged and delivered to TCPN. An October 8th due date would make meeting the submission deadline a definite challenge for both TCPN's answers to questions and for offerors to meet the submission deadline.

The RFP will remain open for a period of six (6) weeks, five of which you may submit your questions. At this time, October 8th will remain the deadline for submitting proposals.

---

2. Would TCPN consider either moving the question due date to an earlier date or changing the submittal deadline to a later date to allow TCPN and offerors adequate time for to consider and respond?

No, past experience has shown that an October 8th deadline should give adequate time for vendors to submit questions and prepare proposals.

---

3. On Page 29 of the TCPN Bid (Experience 4), it ask for online auction dollar volume for all of our clients. What figure do you want us to give you? A total including every auction since the beginning or just a certain time frame? They opened in 2001 so some of the auction records are no longer available.

Please provide the requested information based on the last two (2) years.

## **A. INTRODUCTION**

### **I. Background on Region 4 Education Service Center**

Region 4 Education Service Center (“Region 4 ESC” herein “Lead Public Agency”) on behalf of itself and all state, local governments, school districts, and higher education institutions in the United States of America, and other government agencies and non-profit organizations (herein “Participating Agencies”) solicits proposals from qualified Offerors to enter into a Vendor Contract (“contract”) for the goods or services solicited in this proposal.

Contracts are approved and awarded by a single governmental entity, Region 4 ESC, and are only available for use and benefit of all entities complying with state procurement laws and regulations (public and private schools, colleges and universities, cities, counties, non-profits, and all governmental entities). These types of contracts are commonly referred to as being “piggybackable”.

Region 4 ESC’s purchasing cooperative was established in 1997 as a means to increase their economic and operational efficiency. The purchasing cooperative has since evolved into a National Cooperative used to assist other government and public entities increase their economical and operational efficiency when procuring goods and services.

### **II. What is the role of The Cooperative Purchasing Network (“TCPN”)**

The Cooperative Purchasing Network (“TCPN”) assists Region 4 ESC in helping other public agencies and non-profits reap the benefits of national leveraged pricing, with no cost to the member. TCPN leverages one of the largest pools of purchasing potential. This is accomplished by competitively soliciting proposals and awarding contracts for commonly purchased products and services. Through the TCPN solicitation process, Region 4 ESC awards contracts covering Facilities, Furniture, Office Supplies & Equipment, Security Systems, and Technology and other goods and services industries.

### **III. Purpose of TCPN**

- Provide governmental and public entities opportunities for greater efficiency and economy in procuring goods and services.
- Take advantage of state-of-the-art purchasing procedures to ensure the most competitive contracts.
- Provide competitive price and bulk purchasing for multiple government or public entities that yields economic benefits unobtainable by the individual entity.
- Provide quick and efficient delivery of goods and services.
- Equalize purchasing power for smaller agencies that are unable to command the best contracts for themselves.
- Help in assisting with use of best business practices.

### **IV. Customer Service**

- TCPN is dedicated to making our contracts successful for both our members and our awarded vendors.
- TCPN is committed to providing our members and awarded vendors with high quality service.
- TCPN has dedicated staff available to answer questions, offer guidance and help in any way possible.

## B. SCOPE

**CONDITIONS OF SUBMITTING PROPOSALS**

**IX. Amendment of Proposal:** A proposal may be amended up to the time of opening by submitting a sealed letter to the location indicated on the front page of this solicitation.

**X. Withdrawal of Proposals:** Withdrawal of proposals prior to the opening date will be permitted. Withdrawal of response will not be allowed for a period of 120 days following the opening. Pricing will remain firm for 120 days from submittal. However, consideration may be given in cases where Offeror advises that it made a clerical error that is substantially lower than it intended. In such case, Offeror must provide written notice of their desire to withdraw, along with supporting documents, within 3 business days of receiving the acceptance letter or of being requested by Region 4 ESC for clarification of the proposal, whichever is later. Any contracts entered into prior to Region 4 ESC receiving notice must be honored.

No Offeror should assume that their withdrawal request has been accepted unless, and until, they receive written acknowledgment and acceptance of their proposal withdrawal.

**XI. Clarifications:** Offeror may receive a written request to clarify, in writing, its proposal in order to determine whether a proposal should be considered for award. The process of clarification is

not an opportunity for an Offeror to revise or modify its proposal, and any response by an Offeror to a written request for clarification that attempts to revise or modify its proposal shall be given no effect. The purpose of the request for clarification will be solely made for the purpose of eliminating minor irregularities, informalities, or apparent clerical mistakes in the proposal, which may be corrected or waived in the leading agency's sole discretion.

**XII. Non-Responsive Proposals:** All proposals will be reviewed for responsiveness to the material requirements of the solicitation. A proposal that is not materially responsive shall not be eligible for further consideration for award of the contract, and the Offeror shall receive notice of the rejection of its proposal.

**XIII. Negotiations:** Region 4 ESC shall determine which responsive proposals are in the competitive range and/or are reasonably susceptible of being selected for award. Proposals not in the competitive range may not be further evaluated. Proposals in the competitive range shall be evaluated on the basis of price and the other evaluation criteria set forth in the solicitation. In the event that Region 4 ESC decides to conduct negotiations, notice shall be provided to each Offeror whose proposal is being considered for award, which notice may identify, in general terms, the elements or factors upon which Region 4 ESC intends to base its negotiations. Offerors will not be assisted, in any way, to bring their proposal up to the level of other proposals through discussions. During the course of negotiations, no Offeror's technical proposal or pricing shall be revealed to any other Offeror or to any other person who is not involved with the evaluation process. Region 4 ESC will also not indicate to Offeror a cost or price that it must meet to either obtain further consideration nor will it provide any information about other Offerors' proposals or prices.

**XIV. Best and Final Offer:** Region 4 ESC, in its sole discretion, may request all Offerors in the competitive range to submit a Best and Final Offer. Offerors must submit their Best and Final Offers in writing. If an Offeror does not respond to the request for a Best and Final Offer, that Offeror's most recent prior offer will be considered to be its Best and Final Offer.

**XV. Specifications:** When a solicitation contains a specification that states no substitutions, no deviation from this requirement will be permitted. Offeror must comply with the true intent of the specifications and drawings and not take advantage of any unintentional error or omission. In cases where no type and kind of product is specified, specifications have been developed to indicate minimal standards as to the usage, materials, and contents based on the needs of the members.

References to manufacturer's specifications (Design Guides), when used by Region 4 ESC, are to be considered informative to give the Offeror information as to the general style, type and kind requested. Responses proposing goods, materials or equipment regularly produced by a reputable manufacturer shall be evaluated by Region 4 ESC which will, in its sole discretion, determine whether such proposed goods, materials or equipment are substantially equivalent to the Design Guides, considering quality, workmanship, economy of operation, and suitability for the purpose intended. Offerors should include all documentation required to evaluate whether or not their proposed goods, materials or equipment are substantially equivalent to the Design Guides.

**XVI. Quality of Materials or Services:** Offeror shall state the brand name and number of the materials being provided. If none is indicated then it is understood that the offeror is quoting on the exact brand name and number specified or mentioned in the solicitation.

However, unless specifically stated otherwise, comparable substitutions will be permitted in cases where the material is equal to that specified, considering quality, workmanship, economy of operation and suitability for the purpose intended.

- XVII. Samples:** Upon request, samples shall be furnished, free of cost, within seven (7) days after receiving notice of such request. By submitting the proposal Offeror certifies that all materials conform to all applicable requirements of this solicitation and of those required by law. Offeror agrees to bear the costs for laboratory testing, if results show that the sample does not comply with solicitation requirements.

Submissions may be rejected for failing to submit samples as requested.

- XVIII. Deviations and Exceptions:** Deviations or exceptions stipulated in response may result in disqualification. It is the intent of Region 4 ESC to award a manufacturer's complete line of products, when possible.

- XIX. Formation of Contract:** A response to this solicitation is an offer to contract with Region 4 ESC based upon the terms, conditions, scope of work, and specifications contained in this request. A solicitation does not become a contract until it is awarded by Region 4 ESC. A contract is formed when Region 4 ESC's board signs the Vendor Contract Signature Form. The prospective vendor must submit a signed Vendor Signature Form with the response thus, eliminating the need for a formal signing process.

- XX. Estimated Quantities:** Region 4 ESC anticipates that a substantial number of participating members will enter into contracts resulting from this solicitation based on multiple surveys and usage of other contracts that may have included similar services, however, Region 4 ESC makes no guarantee or commitment of any kind concerning quantities or usage of contracts resulting from this solicitation. The volume for this contract is estimated to be from \$2 million a year to \$5 million a year. This information is provided solely as an aid to contract vendors in preparing proposals only. The successful Vendor(s) discount and pricing schedule shall apply regardless of the volume of business under the contract.

- XXI. Multiple Awards:** membership includes a large number of potential entities which may utilize this contract throughout the nation. In order to assure that any ensuing contract(s) will allow Region 4 ESC to fulfill current and future needs, Region 4 ESC reserves the right to award contract(s) to multiple vendors. The decision to award multiple contracts, award only one contract, or to make no awards rests solely with Region 4 ESC.

- XXII. Non-Exclusive:** Any contract resulting from this solicitation shall be awarded with the understanding and agreement that it is for sole convenience and benefit of participating members. Region 4 ESC and participating entities reserve the right to obtain like goods and services from other sources.

## **AWARD PROCESS**

- XXIII. Award or Rejection of Proposals:** In accordance with applicable laws, rules, and regulations for public purchasing, award(s) will be made to the prospective vendor whose response is determined to be the most advantageous to participating agencies, price and other factors considered. Region 4 ESC reserves the right to use a "Market Basket Survey" method, based on randomly selected criteria to determine the most advantageous response. To qualify for evaluation, a proposal must have been submitted on time, and satisfy all mandatory

requirements identified in this solicitation. Proposals that are materially non-responsive will be rejected and the Offeror will be provided notice of such rejection.

ON THE VERGE **TINASHE**  
SPOTLIGHT ON BREAKTHROUGH ARTISTS

# Her '2 On' anthem is one hot number

Tinashe started her career as a model and actress when she was a toddler.

**"I don't like to be stuck in the 'R&B box.'"**

GOMILLION & LEUPOLD

**NAME GAME:** Memorizing the words to Tinashe's late song-of-summer entry, *2 On*, is easy. But saying her name correctly? That's another feat entirely. "I've gotten a lot of 'Tina-shee,' 'Tina-shay' and 'Tanisha,'" she says. (It's pronounced "Tee-nah-shay.") The name is common where her father is from in Zimbabwe. "The worst I ever got was 'Tarnish.' What? How'd they even come up with that?"

**TRIPLE-THREAT TALENT:** Tinashe Kachingwe got her start modeling and acting as a toddler, working as a motion-capture model for Tom Hanks' *The Polar Express* in fourth grade and playing a recurring role on CBS' *Two and a Half Men* as a teen. After forming The Stunners in 2007 and opening for Justin Bieber in

2010, the girl group disbanded. Tinashe branched out solo, charting her first hit with *2 On*, which topped USA TODAY's rhythmic airplay charts for four weeks.

**READY TO PARTY:** The inspiration was simple for the sultry "turn up" anthem, which features a verse by Schoolboy Q and production by DJ Mustard. Having just turned 21, she wanted to make "a song that I can hear in the club, something that pumps me up and makes me want to dance." *2 On* has since been remixed by Drake, who performed it with Tinashe at his OVO Fest in Toronto.

**AGE OF 'AQUARIUS':** Expect more flirty coos and alluring beats on her debut album, *Aquarius*, out Oct. 7 on RCA Records and named in part for her horoscope

sign. Influenced by Michael and Janet Jackson growing up, as well as newer artists James Blake and Sbrkt, "my music is definitely rooted in a place of R&B, but it has a lot of influence from hip-hop, alternative, electronic," Tinashe says. "I don't like to be stuck in the 'R&B box.'"

**FAMILY FIRST:** Tinashe still lives with her parents. Her next big investment? "I'd like to buy a house for my family. They've been invested in me for years and years, and I feel I owe them."

**MANY TALENTS:** Aside from holding a black belt in tae kwon do, she also loves to paint. "Nature feels religious and very spiritual for me, so I paint landscapes, oceans, trees and abstract art. I don't really like to paint people."

# SAMSUNG'S NEW NOTE 4 HAS AN EDGE ... LITERALLY

Galaxy Note Edge has a strip of real estate devoted to extra goodies.

ELI BLUMENTHAL

Curved display on side of screen lets you multitask

Edward C. Baig  
@edbaig  
ebaig@usatoday.com  
USA TODAY

**FIRST LOOK** NEW YORK Samsung is relentless when it comes to introducing new products. At the IFA international trade show in Berlin, Samsung expanded its Galaxy Note "phablet" series with new Note 4 and Note Edge models. Samsung also teamed with Oculus on a Gear VR virtual-reality headset that relies on the Note 4. Here are my takeaways after a hands-on first look at a press briefing in Manhattan.

Samsung hopes the 5.7-inch Galaxy Note 4 that is coming next month will help it continue to dominate the large-screen phablet category it pioneered. According to Samsung, phablet users spend more time on their devices than smartphone or tablet customers do, and are more satisfied and loyal.

To keep it that way, the Note 4 incorporates several improvements. The camera has been beefed up. The rear-facing 16-megapixel camera gains optical image stabilization to reduce the shakes when you're capturing video. Samsung says the camera can also extend the exposure time when you're shooting in a dim environment.

The front 3.7-megapixel camera has a wider angle de-

signed to improve group "selfies." Samsung adds a rapid battery-charging feature that it says will let you go from a zero charge to 50% in just 30 minutes.

The Quad-HD (2560 x 1440) Super AMOLED display on Note 4 is a looker. The latest design incorporates a new metal frame that complements the removable soft-textured back cover (so you can replace the battery).

As with its previous phablets, the latest Note employs a souped-up stylus called the S Pen, slightly refined this time around, that you can use for notes, handwriting and mouse-like functions.

**A CUTTING-EDGE VERSION**

One of the advantages of a phablet is the extra screen real estate that lets you multitask by keeping several apps open simultaneously. With the Note 4, you have more flexibility on how to move around and resize windows of open apps

While the Note 4 makes some incremental advancements over predecessors, the new premium

Galaxy Note Edge is quite literally on the cutting edge. While all the internal components of the Note Edge are virtually identical to the Note 4, the difference comes in a 5.6-inch screen that devotes a separate curved display that cascades down along the right edge. It's the first potentially helpful use of flexible screen technology that I've seen in a product that's about to be commercially introduced — Samsung hasn't provided a specific date but says Note Edge is coming later this year. There's no detail on pricing yet, but Note Edge will cost more than the Note 4.

The customizable "edge" sliver can house shortcuts

icons for the apps you summon most often — just tap one of these icons and it takes over the main Note Edge display. Or you might display sports scores or stock quotes along the edge. The edge can also be used for notifications. You can even display the clock on the edge while laying the device, say, flat next to your bed, while the main screen is otherwise dark.

**HOW THE EDGE HELPS**

If you open certain apps, the edge provides icons and controls in context. For example, all of your camera controls are on the edge when you're taking a picture. Music playback controls reside there when you're listening to tunes.

You can even display a ruler on the edge. Samsung says that the icons and notifications along the edge are not meant to distract from the main screen you are watching.

Perhaps more than any other high-profile tech company, Samsung has sometimes brought out features that have bordered on being gimmicky. But the edge display here is unquestionably cool, and potentially useful, too, especially with Samsung opening

things up to developers.

During my hands-on demo, I got to see how you can easily swipe from edge screen to edge screen. But I want to try Note Edge in the "real world" to see if there are times when the placement of these edge icons causes me to inadvertently launch an app that I didn't intend to open. Samsung reps claim that will not occur, and it didn't happen during my demo time.

**GEARING UP TO GO VIRTUAL**

Ever since Facebook bought Oculus in March, there's been fresh attention focused on virtual reality. Now Samsung is teaming with Oculus on a head-mounted contraption called Gear VR Innovator Edition. You snap in the Note 4 via USB inside a concealed compartment — alas, Gear VR doesn't work with other Samsung devices — and place the supersize goggles over your head. You're now immersed in a three-dimensional, 360-degree virtual-reality world that, as the cliché goes, puts you in the best seat in the house. You can look up, down and all around.

I got to watch and listen to a Coldplay concert, pretend I was intruding upon Tony Stark's lab inside an *Avengers* video game, and take in a bird's-eye virtual tour over New York City.

Though Gear VR has its own touch pad, back button, volume key, accelerometer, compass and gyroscope, it relies on the Note 4 for power, sound (you can wear earbuds or use Bluetooth speakers) and content. The VR hardware is rendered useless without the phablet. Samsung says you'll typically have enough juice on the Note 4 to last through a full-length movie.

When you snap the Note 4 into Gear VR, a VR store where you can grab stuff to watch is launched. Samsung says you'll be able to access virtual-reality content from IMAX, DreamWorks AR, Cirque du Soleil Media, M-Go, Vevo and others.

While the demo was quite compelling and Gear VR comfortable enough to wear, I never could get the screen totally sharp (despite a focus dial), and even got a little nauseated.

But this was not a final device so I'll reserve judgment, and I'm definitely eager to spend more time trying it out when it arrives in the fall.
